ANNOUNCEMENT OF CGP INDUCTION FOR USE WITH LOCAL MEDIA

FOR IMMEDIATE RELEASE

Tony Denorfia, of **AA DENORFIA BUILDING & DEVELOPMENT, LLC** recently became one of the select group of professional builders, remodelers, and other industry professionals nationwide who have earned the Certified Green Professional (CGP) designation, identifying him as someone with knowledge of the best strategies for incorporating green building principles into homes.

The CGP program is administered by the National Association of Home Builders (NAHB) Education and sponsored locally by Hartford County Homebuilders Association.

In three days of course work, the CGP curriculum incorporates a variety of information tailored to green building and business practices. The CGP curriculum incorporates training by leading building industry practitioners and academics on a range of topics, including strategies for incorporating green-building principles into homes using cost-effective methods of construction, and how green homes provide buyers with lower maintenance and good indoor air quality. Techniques are also discussed for competitively differentiating your home products with increased indoor environmental quality as well as energy and resource efficiency.

CGP program graduates are required to maintain their designation by completing 12 hours of continuing education every 3 years a portion of which pertain to green building activities.

ABOUT NAHB: The National Association of Home Builders is a Washington-based trade association representing more than 175,000 members involved in home building, remodeling, multifamily construction, property management, subcontracting, design, housing finance, building product manufacturing and other aspects of residential and light commercial construction. NAHB is affiliated with 800 state and local home builders associations around the country. NAHB's builder members will construct 80 percent of the more new housing units projected for 2010, making housing one of the largest engines of economic growth in the country.
